

New Jersey Turfgrass Association Makes Decision about Green Expo 2020

TO ALL ATTENDEES:

With the health and safety of our attendees, speakers, and exhibitors foremost in our minds, the NJTA Board of Directors and the Rutgers Center for Turfgrass Science have made the difficult decision to cancel the Green Expo 2020, which had been scheduled for December 8-10, 2020, in Atlantic City, NJ. This 3 day event showcases the very best of science-based education, the interaction with university professors from across the country, the highly successful social and networking events, and a robust trade show with companies nationwide.

The pandemic has impacted each of us in many ways. The Expo Planning Committee looked at every option for holding the safest possible 45th Annual Green Expo, the conference that attracts more than 1200 attendees each year. In the end, canceling Green Expo was the only responsible option. Considerations in making this decision included the need for social distancing, the State requirement for fewer attendees in meeting rooms, travel restrictions from other states, quarantine rules for attendees from outside NJ both before and after Green Expo, as well as serious challenges for food services and social events.

**We are planning to make Green Expo 2021
bigger and better than ever!
SAVE THE DATES FOR NEXT YEAR'S SHOW
December 7, 8, 9, 2021!**

Come celebrate with us next year at the Borgata Hotel and Casino, Atlantic City, NJ, as we CONNECT, EDUCATE, LEARN about cutting edge concepts in turfgrass management.

We know you'll be ready to join us for an exciting and dynamic experience.

Stay healthy and look for future updates about Green Expo 2021!

Please share with other colleagues and co-workers.

Sincere and heartfelt thanks,
Chris Carson, Expo Chairman
Keith Kubik, Expo Co-Chair
NJTA Board of Directors
